

African Americans suffer kidney failure four times more often than Caucasians. That's tough!! And African Americans suffer kidney failure from high blood pressure 17 times more often. That's even tougher. But the toughest thing of all is the fact that only 20% of kidney donors are black. That's where you and I come in. We can all give the gift of life to our brothers and sisters.

Our Special 3K Walk is scheduled for Saturday, September 11, 2010. Please note this date on your calendar. We would like you to be present at this important event. Our goal is to have a minimum of 200 participants. All participants will receive a T-Shirt and a certificate of completion. We hope to increase the number of participants for 2011 to support this important cause.

Can we count on you?

D & TSC, Inc. was founded in July, 1986 from the passion of Rev. James E. Wilson, who was affectionately known as "Bro. Jay". Bro. Jay was a renal patient for over 23 years. He knew the pains, struggles and needs of those who live with chronic illnesses. Therefore, he strove on strength that only God could give in working daily to improve the quality of life for patients and their families. Bro. Jay went to be with the Lord in 2003. He leaves his wife, Brenda, and their daughter, Jametria Breana to carry on his legacy.

*The Dialysis and Transplantation
Support Services Center, Inc.*

D & TSC is an organization that provides medical education, support, counseling and share groups for the Renal Community. This community includes kidney patients, transplant recipients, healthcare providers, family members, friends, persons who are enduring diabetes, lupus, high blood pressure and other medical conditions. Also, we encourage anyone who may have been diagnosed for future treatments or is genuinely interested to participate in this organization.

Become an organ/tissue donor! With this event, we hope to heighten the awareness of the need for organ and tissue donations.
